WAIVER REQUEST

1. **Waiver serial number:** 970044 and 970112
2. **Type of request:** Extension
3. **Primary regulation citation:** Section 6(o) of the Food Stamp Act, as amended by Section 824 of the Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996, P.L. 104-193.
4. **Secondary regulation citation:** None
5. **State:** South Carolina
6. **Region:** Southeast Region
7. **Regulatory requirements:** Section 6(o) of the Food Stamp Act, as amended by Section 824 of PRWORA, P.L. 104-193 provides that no individual shall be eligible to participate in the Food Stamp Program as a member of any household if, during the preceding 36 month period, the individual received food stamp benefits for not less than 3 months during which the individual did not:
 - a. Work 20 hours or more per week, averaged monthly;
 - b. Participate in and comply with the requirements of a work program for 20 hours or more per week; or
 - c. Participate in and comply with requirements of a program under section 20 or a comparable program established by the State.

Section 6(o) of the Food Stamp Act, as amended by Section 824 of the PRWORA, also provides that, upon the request of a State agency, the Secretary may waive the applicability of the above provision for any group of individuals in the State if the Secretary makes a determination that the area in which the individuals reside has an unemployment rate of over 10 percent, or does not have a sufficient number of jobs to provide employment for the individuals.

8. **Proposed alternative procedures:** South Carolina is requesting a waiver to exempt individuals who reside in 3 counties from the work requirement provision of Section 6(o) of the Food Stamp Act, as amended by Section 824 of the PRWORA, as these counties had an annual average unemployment rate over 10 percent for the period of October 1998 through September 1999. South Carolina is also requesting in this waiver to exempt individuals who live in 14 additional counties from the work requirement provision of Section 6(o) of the Food Stamp Act, as amended by Section 824 of the PRWORA as these areas have been identified as Labor Surplus Areas (LSA) by the Department of Labor, Employment and Training Administration (ETA). This brings our total exempted population to 17 counties.

9. **Justification for request:** Statistics secured from Employment Security Commission, a cooperating agency with the Bureau of Labor Statistics, show the following areas with average unemployment rate of 10% or more for Fiscal Year 2000:

<u>County</u>	<u>Average Unemployment Rate for FY 00</u>
Marion	11.8%
Marlboro	11.6%
Williamsburg	11.1%

Statistics from the U.S. Department of Labor, Employment and Training Administration show the following areas as labor surplus areas: Allendale, Bamberg, Barnwell, Chester, Chesterfield, Clarendon, Darlington, Dillon, Fairfield, Georgetown, Lee, McCormick, Orangeburg and Union counties.

10. **Anticipated impact on households and State agency operations:** The extension of this waiver will allow individuals who reside in areas with unemployment rates of 10 percent or more the opportunity to participate in the Food Stamp Program without being required to meet unrealistic work requirements. In addition, South Carolina will be able to exempt areas in which there are not enough jobs for groups of individuals who may be affected by the new time limits in the Food Stamp Program.
11. **Caseload information, including percent, characteristics, and quality control error rate for affected portion:** An estimated number of 1,627 individuals will be exempted due to unemployment rates of 10 percent or more or residence in labor surplus areas.
12. **Anticipated implementation date and time period for which waiver is needed:** These waivers are requested for a one-year time period to begin March 1, 2000.
13. **Proposed quality control review procedures:** There are no special quality control procedures needed in conjunction with this waiver.
14. **Signature and title of requesting official:**

Laurel R. Addy, Director, Division of Policy and Planning
