

STATE WAIVER REQUEST

JUL 22 2015

1. **Waiver Serial Number (if applicable):**
2070037

2. **Type of request:**
Modification

3. **Regulatory citation:**
7 CFR 273.24

4. **State:**
Connecticut

5. **Region:**
NERO

6. **Regulatory requirements:**

Under 7 CFR 273.24(b) individuals are not eligible to participate in the Supplemental Nutrition Assistance Program (SNAP) as a member of any household if the individual received program benefits for more than 3 months during any 3 year period in which the individual was subject to, but did not comply with, the SNAP work requirements. Regulations at 273.24(a) provide that fulfilling the work requirement means: working 20 hours or more per week, averaged monthly; participating in and complying with the requirements of a work program or a workfare program for at least 20 hours per week; or any combination of working and participating in a work program for a total of 20 hours per week.

Under 7 CFR 273.24(f), upon the request of a State agency, the Food and Nutrition Service (FNS) may waive the applicability of the time limit described above for any group of individuals in the State if FNS makes a determination that the area in which the individuals reside does not have a sufficient number of jobs to provide employment for the individuals.

7. **Description of alternative procedures:**

The State of Connecticut is requesting to exempt able-bodied adults without dependents (ABAWDs) in 82 towns from SNAP time limits at 7 CFR 273.24.

8. **Justification for request:**

Under SNAP regulations at 7 CFR 273.24(f)(2), areas may qualify for an ABAWD time limit waiver if they have insufficient jobs. To support this claim, states may submit evidence that an area has an average unemployment rate for a 24-month time period that exceeds the national average for the same 24-month period by 20 percent. 7 CFR 273.24(f)(6) provides that States may define areas to be waived. An area with average unemployment for a 24-month period exceeding the national unemployment

rate for the same 24-month period by 20% can include a group of contiguous areas such as towns or counties, or a group of areas within an economic region.

The State of Connecticut seeks a waiver for a total of 82 towns within 6 different labor market areas (LMAs) based on their average unemployment rates for the 24-month period of January 2013 through December 2014. The Labor Market Areas used in this waiver request are those defined by the Connecticut Department of Labor.¹ The labor market areas with towns included in this request are: Bridgeport-Stamford-Norwalk LMA, Danielson-Northeast LMA, Hartford-West Hartford-East Hartford LMA, New Haven LMA, Norwich-New London-Westerly CT-RI LMA, and Waterbury LMA.
