Strong Families - South Dakota's Foundation and Our Future

July 8, 2020

Dana Platin
Division Director
Supplemental Nutrition Assistance Program
Mountain Plains Regional Office
1244 Speer Blvd 903
Denver, CO 80204

Dear Ms. Platin,

Please find the attached South Dakota's ABAWD Waiver request for FFY2021. The State is requesting to waive the regulation at 7 CFR 273.24(f). This allows FNS to waive the applicability of the time limit for any group of individuals in the State if FNS makes a determination that the area in which the individuals reside does not have a sufficient number of jobs to provide employment for the individuals. The waiver uses methodology that has been approved in past waiver requests.

Attached is the data used to support the waiver request. The Center on Budget and Policy Priorities (CBPP) assisted in determining which specific areas and counties were eligible. We found CBPP's technical assistance to be a key component in gathering the data to complete this request.

Please let me know if you have any questions or concerns.

Very Respectfully,

Alex J. Mayer
Program Administrator
Supplemental Nutrition Assistance Program
SD Department of Social Services
Division of Economic Assistance

TATE WAIVER REQUEST

1. **Waiver Serial Number (if applicable):** 990047
2. **Type of request:** Extension
3. **Statutory citation:** Section 6(o) of the Food and Nutrition Act of 2008, as amended
4. **Regulatory citation:** 7 CFR 273.24
5. **State:** South Dakota
6. **Region:** MPRO

7. **Regulatory requirements:**

Under 7 CFR 273.24(b) individuals are not eligible to participate in the Supplemental Nutrition Assistance Program (SNAP) as a member of any household if the individual received program benefits for more than 3 months during any 3 year period in which the individual was subject to, but did not comply with, the SNAP work requirements. Regulations at 273.24(a) provide that fulfilling the work requirement means: working 20 hours or more per week, averaged monthly; participating in and complying with the requirements of a work program or a workfare program for at least 20 hours per week; or any combination of working and participating in a work program for a total of 20 hours per week.

Under 7 CFR 273.24(f), upon the request of a State agency, the Food and Nutrition Service (FNS) may waive the applicability of the time limit described above for any group of individuals in the State if FNS makes a determination that the area in which the individuals reside does not have a sufficient number of jobs to provide employment for the individuals.

8. **Description of alternative procedures:**

The State of South Dakota is requesting to exempt able-bodied adults without dependents (ABAWDs) in 9 reservations from SNAP time limits at 7 CFR 273.24. This is an extension of South Dakota's current waiver.

9. **Justification for request:**

Under SNAP regulations at 7 CFR 273.24(f)(2), areas may qualify for an ABAWD time limit waiver if they have insufficient jobs. To support this claim, states may submit evidence that an area has an average unemployment rate for a 24-month time period that is at least 20 percent above the national average for the same 24-month period. 7 CFR 273.24(f)(6) provides that States may define areas to be waived.

The State requests to waive the following reservations based on having average unemployment rates exceeding the national average for a recent 24-month period. The national average unemployment rate for this 24-month period was 4.2 percent;

20 percent above this was 5.0 percent. The following reservation areas exceeded this threshold. The reservation unemployment rates were calculated by applying 2017 American Community Survey¹ share ratios to county-level BLS data from May 2018 – April 2020. The following table summarizes the calculations:
