Supplemental Nutrition Assistance Program (SNAP) – Arizona Request to Waive Able-Bodied Adults Without Dependents Time Limit – Approval

Dear Ms. Trillo:

This is in response to the Arizona State agency's August 28, 2018, request to waive the SNAP time limit for able-bodied adults without dependents in 12 counties, one city, and 15 reservation areas from January 1, 2019, through December 31, 2019.

The State agency's request meets the requirements for approval provided at 7 CFR 273.24(f) and relevant Food and Nutrition Service (FNS) guidance. Therefore, FNS is approving the State to waive the time limit in the areas for a 12-month period, as requested. The attached waiver response includes the approved areas, the supporting evidence used, and the conditions of approval. Please contact your FNS Regional Office with any questions.

As you may be aware, FNS has proposed regulations that would strengthen the standards by which areas can qualify for these waivers so that the statutory ABAWD work requirement is applied more broadly. FNS has proposed that the rule, once finalized, would go into effect on October 1, 2019, which is the beginning of federal fiscal year 2020. Therefore, the final rule could change the qualifying areas and approval period for this waiver.

FNS also reminds the State agency that it must measure the 3-year period and track ABAWDs on a continuous basis, even in areas under a waiver. The State must continue tracking so that the State will be ready to transition off-of the waiver when it expires and reintroduce the time limit.

Moving forward, FNS will be taking actions to support the Administration's priority to provide able-bodied Americans a path to self-sufficiency. This goal requires that we establish a clear and mutual commitment to moving SNAP participants to meaningful employment.

Sincerely,

Sasha Gersten-Paal

8. **Requested Area(s) and Support:** The Arizona State agency has requested to waive the ABAWD time limit in 12 counties, one city, and 15 reservations from January 1, 2019, through December 31, 2019. The State agency has grouped the 12 contiguous counties for consideration as a combined area, while considering the city and reservation areas individually. The State has supported its request based upon each area having an average unemployment rate 20 percent above the national average for a recent 24-month period. The State agency selected March 2016 through February 2018 for all areas. During this time period the national average unemployment rate was 4.5 percent; 20 percent above that rate is 5.4 percent. As shown in the following tables, the average unemployment rates for the requested areas were at least 5.4 percent during the selected time period.
