Excuse me if I misplaced it, but I cannot find where I received a response from Georgia that you are accepting the ABAWD Waiver (Trigger Notice) for FY13 attached above. I assume that you are, but just can't locate confirmation. Thanks.

Subject: FY 2013 E&T Preliminary Allocations and FY 13 ABAWD Trigger Notice

Attached please find two documents. The first is the ABAWD Trigger Notice. All SERO states qualify for a continuation of the ABAWD waiver for FY 13. You only need to notify SERO that your State is adopting the waiver. An email notice is acceptable. I suggest that you also include the adoption of the FY 13 waiver in Part I, No. 2 ABAWD Population of your State Plan
