Oregon Community College Consortia

- **Mission:** Careful and intentional allocation of college resources, to create **new, expanded or enhanced** services that can increase college access and success for SNAP recipients and lead to living wage careers
- **Partnerships:** Consortia operates as plurality of alliances at local and state level resulting in strong program development, expansion, and impact.
- **Community of Practice:** Leveraging expertise, collective assistance, and streamlining of information sharing.

Historically Career Pathways:

A Career Pathway is a series of connected, high quality education and training programs with integrated student support services that enables individuals to secure a job and advance in an industry or occupation.

- Supports individuals' progression along the education and career continuum = college completion and career advancement
- Eases student transitions: K-12—GED/ESL/pre-college—community college = university—workforce
- Offers short-term stackable credentials leading to in-demand occupations and degrees
- Integrates student support services = wraparound college success and career coaching
- Responds to sector strategies, employer partnerships and industry demand
